Register as an Employer member

Post a job offer

Recruit job seekers

Request interview

manage successful candidates

1. Register as an Employer member

- Visit WorldJob+ (www.worldjob.or.kr/eng) and register at 'Sign up' menu
- You need to go through company verification and submit proof documents for existence such as business license or business permit (it takes less than 5 days)
- You can post a job offer once getting approval.

2. Post a job offer

- Select 'Post Jobs'
- Enter information on Job description about company profile, working condition, etc
- After submitting, HRDKorea will authorize your job posting and it will be released publicly

3. Recruit Job seekers

- You can ask for the candidates who meets the requirements of your company from the pool of candidates registered in WorldJob+.
- HRDKorea will review the qualifications of targeting candidate who applied for the position and match them to you.

4. Request Global video interview

- You can confirm the employment after reviewing documents and interviewing candidates.
- HRDKorea provides place for interview and Global video interview service.
- : You can ask HRDKorea's staff for interview room.
- * Only applicable to Seoul K-Move center for interview room.

How to use global video interview service

- You can use online video interview with your candidates using various devices(PC, mobiles) over a long distance. It offers you to discern candidate's personality and abilities vividly.
- You can have one-to-one or many-to-many video interviews with the job seekers.
- Home>Online interview>Request
Choose an interviewee from your candidate and add to the 'interview room' and request interview schedule.
- Home>Online interview>Enter
Select your list and set up the interview program modules.
- * You need equip web camera&headset and measure internet speed before using the video interview function on your computer.

5. Manage successful candidates

- If your job posting period has expired, you should confirm candidates' status as success or failure.
- You can finish job placement process to select candidates' status and click 'Save' button.
- * If you want to post a new job offer, your previous job placement must be finished.

6. Help desk

- If you have any inquires, you can consult with our staff via 1:1 online chat service.
